

## **CMAE Membership Renewal 2010**

*Published in ClubNetworker, Issue 41, January 2010*

Over the past 12 months, the CMAE has made great strides forward in the establishment of a structured education programme for club managers throughout Europe, and we would like to take this opportunity to recognise and thank CMAE members for their support in helping us make this progress.

The CMAE Board of Directors believe that the creation of this structured programme is the single most important goal for the CMAE and working with our partners across all countries of Europe, we are getting closer to achieving that goal.

Aristotle, the ancient Greek philosopher once said “Education is an ornament in prosperity and a refuge in adversity”. In the tough times we are experiencing right now, this can be interpreted as relevant and serious education helping managers provide practical and workable solutions to their club committees and owners.

In the next few days, all CMAE members will be receiving an email reminder to please renew their membership for 2010. We invite you to continue working with us in the development of this structured education programme, not only for the club managers of the future, but to also help existing club managers develop their role as leaders in their clubs, and professionals in their chosen career. We are also offering several new membership benefits for 2010. To read further details, please [click here](#).

Please make sure we have your current contact details recorded accurately, and please remember to let us know if you move or change jobs – remember with the CMAE, it is the manager that is the member, not the club.

Many thanks, in anticipation of your continued support.
