

## **CMAE Salary & Benefits Survey 2010**

*Published in ClubNetworker, Issue 42, February 2010*

CMAE members should now have received an email with a link to an online survey of club manager salaries and benefits.

We hope that all CMAE members will take a few minutes out of their day to complete this simple online survey, to help us produce a report that will look at salaries and benefits of club managers and administrators at clubs across the continent of Europe.

The report (which we hope to launch at the [International Club Management Congress](#) in April) will be distributed free of charge thanks to the support of CMAE Corporate Partners [Colt Mackenzie McNair](#), and will have a country-by-country analysis for comparative purposes, as well a European overview of salaries and benefits in our industry.

Many thanks, in anticipation of your support for this important survey.
