

Student Work Placement Opportunities

Published in ClubNetworker, Issue 42, February 2010

If any golf club in the United Kingdom, Ireland or northern Europe is looking for some willing help, I have been made aware of two individuals who are seeking a work placement opportunity.

The first is a female student of the Mediterranean University in Lucca, Italy, who is soon to complete her three year Tourism degree. In addition to being fluent in Italian, she speaks English and French well, and is looking for a three-month placement within a golf club, resort or golfing hotel starting in March 2010. She would be willing to undertake work in the front-office, marketing or customer service departments.

The second is a female Sports Management student from Denmark who is ideally looking for an opportunity at a club, event organising company or golf resort in Scotland, from 1st July until the end of October. This may be of interest to any golf clubs expecting a busy summer with the Open Championship in St. Andrews.

If your club is interested in finding out more, please email me at jerry.kilby@cmaeurope.plus.com and I will put you in touch. Many thanks.
